

We offer a variety of volunteer opportunities, from limited-scope representation at application assistance clinics to full representation of students seeking immigration relief. We provide training to all of our volunteers, and ongoing expert guidance to those who provide representation on more complex matters.

All of our clients appreciate having a team of professionals fighting alongside them during a stressful process.

This DACA clinic was important and very much needed for these youth, and I'm glad to have participated and helped out. It was a great and rewarding experience, as I learned a lot about the immigration process and of the youth who I worked with and of their plans upon graduation. I wish these students all the best in their future aspirations.
